

## Donate today and help fund treatment for someone who really needs it.

The EMF is in urgent need of funds, which were depleted during the pandemic, while the number of people in need of financial support is increasing.

Monthly or one-off donations would be most welcomed.

- £250 as a donation would help cover the cost of a patient's nutritional supplements and medication for one month
- £500 as a donation would pay for the first session of low-dose immunotherapy testing and vaccines for a patient with multiple chemical sensitivity (MCS)
- £1,000 as a donation would fund a week's worth of IV treatments for Lyme disease

I wish to give a donation of : £ \_\_\_\_\_
